

Hop'n'Squeak

how to use this chart

Place this size chart on a suitable solid floor surface. Place your child's heel to the baseline indicated. Measurement then can be taken to the longest part of the foot, ie. the big toe. Please ensure all the foot is within the line of the chosen size, taking into account a little growing room.

If you require further assistance please contact telephone: 01495 218127

wriggle room

Our Hop'n'Squeak squeaky shoes have an extra 1cm wriggle room in addition to the foot length of this sizing chart.

If your child has been measured in a specialist children's footwear shop, we have designed our shoe sizes to match the leading children's shoe shops sizing so if your child is measured as a 5 then they will be in a Hop n Squeak size 5.

size 6 - length 140mm, width 59

size 5 - length 134mm, width 57

size 4 - length 128mm, width 55

size 3 - length 122mm, width 53
